English Speaking Course

- Introduction:** This speaking course is designed for adult and young adult learners to develop oral communication skills and build learners' confidence. Unique twists on topics draw students into conversations, and engaging activities guarantee maximum talking time with each session encouraging students to express their ideas, thoughts, and opinions.
- Who can attend:** English students with B1 certification
- Duration:** 120 hours
- Competencies after the course:**
- By the end of the course, you will have been able to:
- express yourself fluently and exchange ideas, thoughts, and opinions to others easily.
 - use language flexibly and effectively for social, academic, and professional purposes.
 - work as an interpreter/translator.
- Materials:** International business teaching and learning resources. Selected materials from: Cambridge English Assessment
- Format:** Online
