Young Learner Trainer Specialization

Introduction: The course is designed for practicing teachers or for teachers in preparation who may or may not have formal training in second and foreign language teaching methodology. It provides an overall introduction to key aspects of language teaching methodology in an accessible yet not trivial way. The purpose of this course is to explore issues as they relate directly to the teaching of English to young learners.

Who can attend: TESOL Certification Holder

Duration: 50 hours

Competencies after the course: By the end of the course, you will have learned:

- learn a brief overview of young learner development.
- experience a detailed treatment of teaching English to learners who may or may not possess literacy skills in their native language.
- learn how to effectively work with the parents of young learners even when the parents do not speak English.
- understand approaches for dealing with classroom management, special educational needs, technology, tutoring, and professional organizations.
- explore an expansive glossary offering short and straightforward definitions of language, early childhood, and education teaching terms.
